COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 13, No. 8. The County Seat Paper NEVADA CITY, CALIFORNIA The Gold Center FRIDAY, JANUARY 27, 1939.

From the Californian, March 15, 1848:
The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. — Alexander Hamilton

Thinking Out Loud

By H. M. L.

For the sake of the children who go from the grammar grades into high school, we believe that adjoining school districts along the Ridge will be glad of the opportunity now offered them to join the Nevada City Unified school district. Under the plan offered local administration of the elementary schools will continue, but they will receive the same supervision that now obtains in the Nevada City elementary school. Particular attention will be given to seventh and eighth graders who are preparing to continue their studies in the high school.

Under the old set-up the Nevada City school district provided a bus to carry students from the Ridge to the Nevada City high schools and home again at an approximate cost of $125 per pupil. Of this amount the district received $89 per pupil from the state on its daily attendance average, and thereby made a gift to the outside districts availing themselves of this facility of $30 odd, which was paid by the Nevada City taxpayers.

With the modern improvements made during the last year or two in the Nevada City high school, and the recent voting in the Nevada City high school district of $20,000 more to properly equip the new gymnasium, provide a stage, and room for handicraft work for those who do not take the academic courses, the Nevada City high school now offers modern educational facilities, that the voters of Sweetland district, for instance, were quick to appreciate. These bonds now total $72,000 and must be paid by the Nevada City high school district alone. No district that comes into the Unified district now will ever pay a penny of that sum, but all high school students from the annexed districts will have the advantages which these improvements offer.

The Nevada City School Board has issued a statement in which it concisely sets forth what annexation would mean to the school districts which next Monday will vote on the question of joining:

1. Continuation of school bus service.
2. In the case of Washington district, children of high school age will be furnished with board and room in lieu of transportation during such times as roads are impassable.
3. Elementary schools in the separate districts annexed will be maintained so long as there is sufficient number of pupils to maintain the school.
4. The Nevada City Board feels the operation of the elementary schools annexed should remain in the hands of their local boards of trustees.
5. The educational program of the smaller schools would be materially benefited by reason of greater co-ordination of work offered. This would be particularly valuable for the seventh and the eighth graders who eventually come to high school.
6. Through the widening of the tax-base the smaller districts will find it possible to have more in the way of physical equipment such as improved buildings, furniture, etc.
7. The purchase of supplies can be made more economically through larger units.
8. The new tax-rate involved will be comparatively small and will not be a burden to any individual taxpayer.
9. The entire program of annexation is motivated by a belief that the larger consolidated district will be of mutual benefit to all people, educationally and economically.

TUBERCULAR TEST FOR ALL EXPOSED PERSONS

Tuberculin skin tests will be given at the Nevada City Elementary School on Monday, January 30 from nine till ten a. m. This service is financed by the Nevada County Tuberculosis Association. Subsequent to the tests given in October it was discovered that some children in certain grades had been exposed to cases of tuberculosis and so the Tuberculosis Association is again offering the test free for the second time this year. All children who have had any contact with the disease are urged to take the tests at this time. Any pre-school child and any adult who has had contact with tuberculosis is invited to take the skin test at this time.

P. G. & E. Sees School Dist. Consolidation As Public Benefit

Voters in French Corral, Birchville and North San Juan School districts will go to the polls next Monday to ballot on the question of joining Nevada City's Unified school district.

The Nevada City Board of Education yesterday was able to state authoritatively that the Pacific Gas & Electric Company, the largest tax payer in Washington district, as well as in Nevada county, will interpose no objection to the proposed plans for annexing the Washington School district to the Nevada City Unified School district, but approves in principle the educational and economic advantages accruing to both districts through such a consolidation.

The company has recently canvassed the local situation and has indicated its willingness to uphold the welfare of the public as against any possible conflicting interest of its own. The company's attitude reflects the magnanimity and good judgment of the management of California's largest public utility.

In the meantime, the fact that the largest property owner in the area which Nevada City invites for annexation, entertains no objection to such consolidation, and views the obpectives concerned as being for the public good, should prove a matter of much interest to the people of Nevada City and the adjacent school districts, as well as leaving small reason for doubt in the minds of voters in the Washington school district regarding the desirability of annexation.

DR. BANKS HOLDS WELFARE CLINIC AMONG CHILDREN

Dr. Emmaline Banks conducted one of the most successful child welfare clinics at the elementary school yesterday, that has been held in several months. There were 37 children examined. Children from tiny infants up to six years old were present and County Health Nurse Mrs. I. Hefelfinger and others interested in the work feel quite encouraged. It is hoped the good work will continue as it has been found where clinics are not well attended funds are cut short and in some cases the money is being withdrawn.

On Monday between nine and ten o'clock skin testing will be conducted at the clinic in the elementary school. Through testing in October and November it was discovered some actual cases were found where a tuberculosis reaction occurred.

For that reason all school children and adults, also, who have had contacts with tuberculosii are requested to be present for the tests which will be given free of charge. These tests are provided by the Nevada County Tuberculosis Association which gains its funds from the sale of the Christmas Tuberculosis seals only.

TRINITY CHURCH VESTRY CALLS A PARISH MEETING

The vestry of Trinity Episcopal church announces that the regular annual meeting of the parish members will be held next Monday evening, January 30, at the church.

The object of this meeting is to hear the reading of the various reports of the guilds, the Sunday school and the church treasurer, and for the election of vestrymen for the ensuing year. At the meeting such other business as may legally be considered will be trans acted. The vestry especially requests a full attendance of communicants and legal voters.

U. S. NATURALIZATION HEARINGS MONDAY

Monday, January 30 a class of 30 foreign born residents of Nevada County will take naturalization examinations. Hearings will begin at 10 o'clock. A United States naturalization examiner will conduct the examination. Judge George L. Jones will preside on the bench.

GOOD RETURNS ON DEER CREEK

Snipers continue to make good returns from black sand and concentrates picked up in their work along Deer Creek and nearby streams in this section. H. D. Draper, local assayer, has 3,000 pounds of the precious ore stored and ready for shipment to the plant in Bakersfield.

Henry Paine, mining man of Lake City, was a business visitor in Nevada City Wednesday.

BILL PENDS FOR INDEPENDENT MINING DEPT.

A bill has been introduced in the California legislature providing for an independent Department of Mines and returning the mining industry to the independent status it occupied in the state government prior to 1937, according to an announcement by Errol MacBoyle, executive vice president of Idaho Maryland Mines Corporation of Grass Valley and chairman of the State Mining Board.

Since its incorporation into the Department of Natural Resources tweve years ago, the mining industry has been under the control of the Director of Natural Resources and has been bound up in this department with Fish and Game, Forestry and Parks, which at times have interests conflicting with the mining industry. With no official spokesman, the mining industry has been administered by those who are more interested in the recreational and play time objectives of the state, rather than in the development of the wonderful mineral resources of California.

The independent Department of Mines will establish an official head for the mining industry of California, exclusively responsible for unbiased and efficient service to mining people.

The bill creates an active department, not simply restricted to collection and issuing of data, but with the obligation to aid facilities for rendering service in behalf of mining and the miner corresponding to that which the Department of Agriculture now renders to farming and the farmer.

Under the terms of the bill, the Division of Mines is removed from the Department of Natural Resources and set up as an independent Department of Mines with its own director under the supervision of the non-salaried State Mining Board, which is composed of five mining men. The Division of Oil and Gas, which is now administered in connection with the present Division of Mines, is not included in the new Department of Mines.

No change is made in the present personnel of the Division of Mines as all present civil service employees are retained in the new Department of Mines.

TRANSFERRED

Clarence R. Fissel, highway foreman from the Coloma district with headquarters in Placerville, has been transferred to this district under Superintendent Fred Garrison. Fissel moved his wife and four children to the old Elkus home on Park avenue on Saturday and Sunday. One of the children entered high school and the others went to elementary school Wednesday morning. Mr. Fissel succeeds J. E. Lawyer who retires February first. Mr. Lawyer has resided in Nevada City the past thirteen years.

Dr. Will Rector of San Francisco is spending a few days this week with his parents, Mr. and Mrs. E. M. Rector and will return to San Francisco Sunday.

SHOVEL PLACERS CLOSES WITHOUT PAYING MINERS

Shovel Placers Inc. is apparently in financial difficulties. Tom Reynolds, constable and deputy sheriff at Columbia Hill, states that he has $900 due him and his wife. He attempted, he states to file a lien on the bank balance of the company, but found it useless because the company's funds had already been tied up.

Many of the men employed there are "broke". They were expecting to be paid January 20 but no payroll arrived, according to Reynolds. The superintendent of the placer diggings is in the same boat with the men. Attempts are being made to reorganize and refinance the company.

MOONEY AND BRIDGES TO SPEAK IN G. V.

Handbills announcing a mass meeting Sunday at 2 p. m. in Memorial Park, Grass Valley, under the auspices of organized labor, were distributed yesterday. The handbills state that Tom Mooney, Harry Bridges, Herbert Resner, some state assemblymen and a representative of Labor's Non-Partisan league will speak.

MASONS TO INSTALL OFFICFRS SAT. NIGHT

The Masonic lodge of Nevada City will hold installation in the Masonic hall on Pine street Saturday evening. A 6:30 dinner will be served to members and visitors. Supervisor Cary S. Arbogast, who has just completed a term as master, will be reinstalled for the coming term. Members of Evangeline Chapter, O. E. S., and Masons' wives and families are invited to the installation service. Judge George L. Jones, past master of the state of California, will officiate as installing officer.

REGIONAL FOREST HEAD PRAISES CCC BOYS WORK

Regional Forester S. B. Show, directing the administration of the 18 national forests in California and western Nevada, says that the value of the CCC to conservation and forest protection in the west cannot be overestimated.

"We need many more CCC camps in California," Show recently stated at forest service regional headquarters in San Francisco. "We have only started to win our battle against the three horsemen of forest destruction—fire, insects and disease. Fire still rides over our major watersheds insect infestations continually threaten the forests, blister rust is advancing on valuable sugar pine stands because funds and manpower have been insufficient to fight the blight."

American forests have suffered staggering losses from forest fires in recent years. Less dramatic but none the less serious is the fight against insects and disease, the silent enemies of forest destrucion.

In addition to protection of publicly owned forest the CCC has made possible the expansion of protection from forest fire, insects and disease on privately owned timberlands, said Show. This has been carried on through state and federal cooperation with private land owners under the provisions of the cooperative forest protection act known as the Clarke-McNary law.

"Forests Protected by the CCC" and "Forest Improvements by the CCC" are two pamphlets of a series being issued by the Civilian Conservation Corps to give a general picture of its work program. The pamphlets describe projects done by the CCC under the direction of the forest service and other federal and state conservation agencies. Subjects include forest protection, reforestation, forest improvement and wildlife operations."

BROKEN LEG

L. L. Epperson who was struck by a fragment of stump Sunday at Penn Valley was reported at the county hospital as improving as well as could be expected. He has a broken leg. Dr. Harold Karo is the physician.

OWNER CLAIMS DREDGE CO. WORKED HIS CLAIM

This morning Judge Charles Morehouse of Grass Valley will preside at the court trial of the misdemeanor charge of malicious injury to real property brought by W. Arnold of the Lime Kiln ranch against the Dakin Company of Idaho and their representative R. D. MacAfee of Grass Valley. It is asserted the company dredged lands along Wolf Creek and and the channel of the stream. The Dakin Company claims the lines were indefinitely marked. Arnold claims the property was worked without his knowledge or consent. Ward Sheldon will represent the defendants and the prosecution will be in charge of District Attorney V Stoll.

BIRTHDAY BALL FOR CRIPPLED KIDDIES, JAN. 28

Dr. Walter Hawkins is in charge of ticket sales in Nevada City.

The President's Birthday ball will be held tomorrow night, January 28 in the Veterans Memorial hall in Grass Valley. Harry Poole, chairman states that one of the best programs ever presented is offered as a preliminary entertainment to the dance which begins at 9 o'clock and continues until 2 a. m. All proceeds of the ball will be devoted to prevention and cure of infantale paralysis.

The entertainment consists of the following numbers:

Tony Casci, a song; Marion Richards, a dance; Miss Betty Brown of Nevada Citl, a pupil of Mrs. George Raddue, a song; Edward Abrahams, an accordion solo.

A special number is provided by the National Institute of Music under the direction of Mr. Leach. Six young children of the Melody Hour club will sing three songs. The children are: Thad Sigourney, George Nelson, Charles Townsend, Marjory Dixon, Joyce Arbogast, Helen Butz.

The Variety Dance Studio under the direction of Mr a.nd Mrs. William Strain will present three dance numbers. The dancers will be: Betty Jane Cary, Jean Liles and Joyce Curry.

The program will begin at eight o'clock and last for one solid hour of enjoyment.

AERIAL MAPPING IS ROTARY TOPIC

The Rotary club yesterday heard an interesting address on aerial photographic mapping. The speaker was Don Jackson, chief cartographer for the San Francisco regional office of the National Forest Service. He is now in Nevada City making arrangements for mapping the Tahoe National Forest.

The speaker gave a vivid picture of the process of composing maps made by aerial photography. Flights are made at a uniform elevation over the average above sea level altitude of the terraine being mapped. The flights are made in a north-south direction and the camera is vertically focused, and is usually snapped every 30 seconds. Ordinarily this gives an over-lappage of 60 per cent.

Mr. Jackson stated that including AAA and army maps, about 60 per cent of the area of the United States has now been aerially photographed.

OLD STAGE NOW IN SAFE SHELTER

The old Eureka Express company stage coach, which was damaged some by Hallowe'en pranksters last October, has been moved into its shed on the Native Sons lot on upper Commercial street, safe from heavy snows and storms. This old coach was in the Frank Davies family for three generations. It belonging to his father, himself and his sons, Alton and Lionel Davies. Frank Davies' father drove the stage in the Moores Flat and North Bloomfield district in early days. This old coach was presented by Frank Davies to the Native Sons as a souvenir of some of the most exciting days of pioneer times. Banker Cummings, enroute from Moores Flat to Nevada City with bullion and gold from the nearby hydraulic mines, was killed in the nineties when he resisted two highwaymen in theBlue Tent section north of Nevada City about four miles.

FATHERS GUESTS AT PTA PROGRAM THIS EVENING

The Nevada City Elementary Parent Teacher Association will meet at the auditorium of the grammar school this evening at 7:30 o'clock for the annual Father's Night program.

Mrs. Clyde Gwin, program chairman has engaged Dr. Keene, an instructor at the Sacramento Junior College, to discuss the topic "Your Child and Character." Other features of entertainment will include a violin solo by Mr. Smith; a vocal duet by Mr. and Mrs. C. A. Libbey; two short readings by Miss Jean Hawkins and an exhibition of school work arranged by Mr. Klee.

Refreshments will be served by a committee with Mrs. E. O. Berger, chairman.

This provides an excellent opportunity for the fathers to show their interest in the Parent Teacher organization.

TRI COUNTY MEETING AT MT. PLEASANT SAT.

There will be a board meeting of the Tri-County Federation of the Northern District of Federated Women's Clubs tomorrow at the home of Mrs. May Herold at her home at Mt. Pleasant. Mrs. Herold has invited the group to be her luncheon guests. Once each year Mrs. Herold invites the board members to be her guests for a day and the occasion is looked forward to with much anticipation. The board will hold its executive meeting and the rest of the day will be spent in a social time and luncheon. Mrs. K. E. Kjorlie, Mrs. James Penrose and Mrs. Belle Douglass plan to attend.

NEW STATE DEPT. OF WELFARE IS NOW PROPOSED

Assemblywoman Jeannette Delay, San Diego, on Tuesday, Jauary 24, introduced a bill in the assembly designed to consolidate relief and public welfare activities of both the state and county governments, into one permanent program, with joint financing and new administration.

The proposed bill would transfer powers and duties of the present State Relief Administration to a new State Department of Social Welfare, and in addition to the jointly financed "catergorical aids" to needy aged, blind, and dependent children, now administered by county welfare departments under supervision of the state Social Welfare Board, and locally financed indigent relief to unemployables, the county welfare departments would administer direct relief to employables under supervision and under rules and regulations to be established by the Social Welfare Board.

The Social Welfare Board is given power in the proposed law to fix minimum standards or budgets for relief, and to set maximum budgets, for various types of cases in various counties.

Joint state and county financing of all direct relief and aid payments to county residents is provided in the measure with the counties contributing 25 per cent and the state 75 per cent of the funds.

Non-residents or migrants would be given emergency care out of state funds, pending verification and return to their legal residence. Those who have lost their residence in other states would continue to be given necessary care locally out of state funds, subject to regulations and approved by the Social Welfare Board.

This would shift from the counties to the state the primary responsibility for dealing with the migrant problem, and enlisting the cooperation of the federal government or the other states.

Provision is also made in the measure for the State Social Welfare Board to administer directly statewide programs such as camps, work relief or public works projects, or other economic programs designed to take employables off the direct relief rolls, that may be adopted by the legislature and the administration.

Provisions of the bill are based on the recommendations of the Co-ordination Committee on Relief, made up of representatives of 12 statewide civic organizations.

Succesor To Santa

To protect California children from losing the "illusion of Santa Claus," Senator Harry Westover of Santa Ana has proposed a legislative bill that most mothers and dads will approve—to restrict the use of St. Nick's picture in commercial advertising. Now, if that works, a 100 per cent job will near completion. For already, the lavish spending of billions in the nation's paternalistic programs has pretty well converted all grownups who are the least bit gullible—and, of course, who are on the receiving end of the lineup — to a firm belief in Santa Claus.

At this point, an achievement of masterly statesmanship would be the restoration of some measure of the Santa Claus illusion to the taxpayer who foots the bills. In his benighted state, he thinks Santa's as extinct as a dodo.—Contributed.

Help On The Highway

Prospect of a new "highway emergency hospital" on a stretch of road that has recorded against it one of the blackest records of casualty and death in the state, is good news to California, however bitter the situation which necessitates it. A fine, wide and straight stretch of concrete, the Bayshore Highway in San Francisco County, it is reasonable to expect, should provide safe transit to the millions who travel it. But it doesn't, so the hospital is in prospect.

Neither do dozens of other equally fine, modern highways in the state. For the builders and engineers, working with their sand and gravel, cement and stone to produce a perfect roadway, have yet to reckon with the nature of the drivers who will use their roads. Drivers entranced by long, level sweeps of highway, who step on the gas, weave in and out of fast moving traffic—and who, in the comfort and ease of their powerful cars, forget another power of the modern juggernauts they ride—the power to destroy and kill.

Until the day when human nature changes, or until the advent, perhaps, of the much discussed mammoth, one-way highway systems, there will be too many highway casualties. And meanwhile, thousands of victims of man's instinct to get there quick at whatever cost, will be grateful for the ministrations of the close-at-hand, highway emergency hospitals.—Contributed.

Athletics Vs. Education

Sports editors are commenting widely on discussion in a California high school league where one school is accused of proselyting—luring basketball players from other schools by material inducements.

The problem, growing nationally and not unknown in even the smaller communities, is many-sided. The trend seems toward recognition that if a boy can exchange athletic prowess for school expenses and perhaps a bit of profit, he has the right to do so.

But that trend begs the more serious problems. Medical authorities agree that the 'teen-age boy, over-exerting himself to gain his material reward instead of playing for the fun of it, risks permanent impairment of his health. Too, the temptation is for growing boys to center both interest and ambition on sports rather than education.

Our schools have faced before the confusing problem of mixing athletics and education. To parents, and to taxpayers, however, the issue is clear. Financed by public funds and charged with the duty of equipping youth for the struggles that really count in life—those that come after brief athletic careers are over—our educational institutions must not, in their zeal for athletic recognition, violate that charge. Educational values must not be sacrificed—not even to sports.—Contributed.

GOVERNMENT TO BUILD CAMP AT NARROWS DAM

Plans and specifications for the construction of a government camp at the Upper Narrows Debris dam site on the Yuba river have been advertised and bids will be opened February 9.

The site of the work contemplated is on the Yuba river in Nevada county, California, approximately 25 miles easterly by road from Marysville.

The principal items involved are the construction of eleven frame buildings, the construction of a camp access road and the furnishing and installing of water supply and sewage systems.

When available, specifications, plans and bidding blanks will be furnished prospective bidders. A deposit of $5.00 is required for the procurement of plans, which deposit will be refunded if plans are returned to the office the U. S. engineer at Sacramento within 30 days after the date set for opening bids.

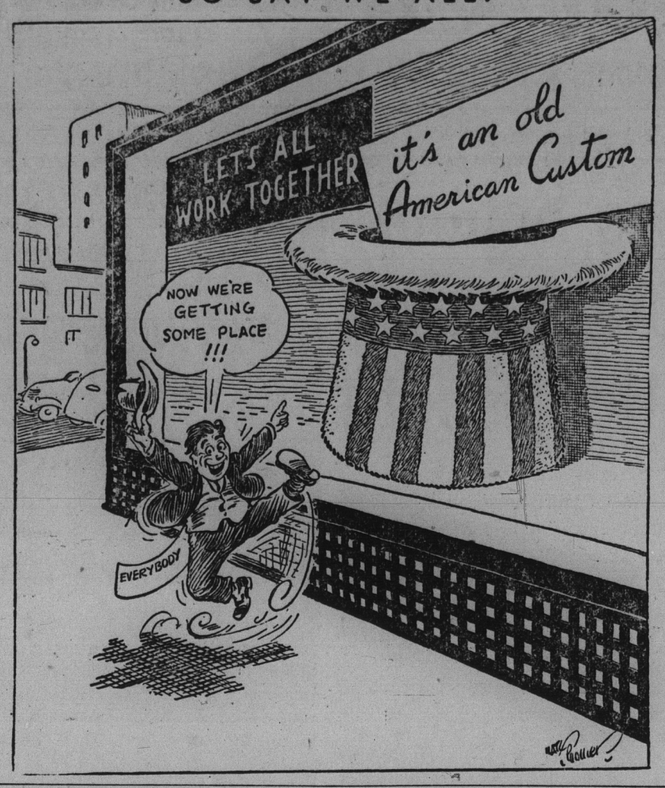

The award will be made as a whole to one bidder.

SO SAY WE ALL!

WITH YOUR ASSEMBLYMAN

"SCOOP" THURMAN

AT THE STATE CAPITOL

The legislature adjourned on Wednesday of this week for the interim recess and will reconvene again on Monday, March 6.

This week's short session saw the appointing of committees in the assembly by Speaker Paul Peek, the presentation of the administration's budget with Governor Olson's recommendations including his views on such issues as taxation and direct relief and a battle in the assembly on the Senate Joint Resolution opposing the proposed Kings River Canyon National Park.

The matter of relief is one of the biggest problems which will face the legislators this session while the matter of taxation is of equal importance.

There is considerable opposition in the assembly to aliens receiving relief. There are two sides to this alien relief question to be considered and one of them is that many of the aliens on relief have American born children. You cannot cut these aliens off relief without injuring their American born children. Personally the writer wishes that some way could be found in which to cut aliens off. If an alien has lived in this country for twenty or thirty years without becoming a citizen we fail to see why he should have equal relief rights with citizens. We have enough of our own citizens to take care of without having to care for these who have had an opportunity to become citizens but would not take advantage of it. It might interest some of my readers to know that the Weimar Tuberculosis Sanatorium which is operated by some fourteen counties have more than one hundred aliens as patients. The alien problem is indeed a problem.

Last week your assemblyman introduced a bill in the assembly which if approved would place the seven members of the state board of forestry on a basis of fixed terms instead of the present method of serving at the pleasure of the governor. If such a law were in effect this important board would always have sufficient members on it who would be familiar with the work and the program and the appointing of new members would in no way handicap the state division of forestry. Too many boards are made up of political appointees who have little or no knowledge of the work of the board to which they have been appointed. In addition to the staggered terms we also have included in the bill a provision that five of the seven members on the board shall be composed of one member each from the redwood timber industry, pine timber industry, agricultural interests, live stock interests and one familiar with the conservation of water. The other two could be appointed at large. All appointments would continue to be made by the governor.

We had the honor last Thursday of introducing Assembly Concurrent Resolution No. 10, relative to the recent death of Judge Joseph Jerome Trabucco of Mariposa county. With us on the resolution were Assemblymen Johnson, Carlson, Williamson, Gannon, Millington and Phillips, all attorneys who knew and admired the late judge. In the senate your former assemblyman, Senator Jesse Mayo introduced the joint resolution with both houses of the legislature adjourning on Friday out of respect to his memory. We were very happy to be able to introduce this resolution in honor of a man who typified the highest type of superior court judge. A man of honesty, sterling character and sincerity.

The Senate Joint Resolution opposing the formation of a national park in the Kings River Canyon was passed Monday in the assembly by a vote of 54 to 20. Opponents of the resolution who favored the proposed national park were unable to prevent its passage. Your assemblyman assisted in the passage of the resolution.

Committee appointments were made by Speaker Paul Peek on Monday and your assemblyman fared very well inasmuch as he was assigned to three committees of particular interest to the sixth district, the fish and game committee, the mines and mining committee and the conservation committee. Other committees to which the writer was appointed are labor and capital, introduction of bills, state grounds and parks, and public charities and corrections.

THE COWBOY AND THE LADY, AT THEATRE SUN.

The high, wide and handsome adventures of a streamlined social registrite who causes considerable eyebrow lifting in Washington's upper crust when she "middle-aisles it" with a roving cowboy from the western plains is both humorously and dramatically unfolded in Samuel Goldwyn's "The Cowboy and the Lady," co-starring Gary Cooper and Merle Oberon, which is scheduled for its initial showing at the Nevada Theatre on Sunday.

Supporting Cooper as the bronzed he-man from the sage dotted hills and Miss Oberon as the madcap modern who takes her romance neat, is a hand picked cast headed by Patsy Kelly, Walter Brennan, Mabel Todd and Fuzzy Knight. Miss Kelly, who is now trim and sylph-like as a result of her recent diet cure, is romantically paired with Walter Brennan, while Mabel Todd, blonde comedienne, is the "heart interest" of Fuzzy Knight. In fact, it is these two honest to good romances which inspired the whirlwind courtship of Cooper and Miss Oberon and cause a sizeable dither in the scandal columns.

Among the outstanding sets constructed for the production is a palatial Florida mansion, the screen home of Miss Oberon, the very spot, in fact, where the impetuous young damsel pretends that she is a lady's maid and proceeds to employ three experimental methods to ensnare her man.

The screen play for "The Cowboy and the Lady" was jointly written by S. N. Behrman and Sonya Levien from an original script by Leo McCarey and Frank R. Adams. It was directed by H. C. Potter, for release through United Artists.

Mose—"Ah'm sure glad ah wasn't King Solomon."

Rastus—"Why?"

Mose—"Well, it keeps me plenty busy huntin' up washin' for one wife."

LEGISLATURE IS OPPOSED TO NEW NATIONAL PARK

That California does not want Kings River Canyon taken away from the forest service management and converted into a new national park was made clear yesterday (Jan. 23) when the assembly voted 55 to 20 to confirm a resolution passed last week by the senate memorializing Congress not to change the status of the area.

A debate in the assembly on the Kings River Park proposal lasted more than two hours, Assemblyman Gordon H. Garland of Woodlake led the argument for the resolution against the park idea, and Assemblyman Ben Rosenthal of Los Angeles oipposed the resolution.

A large number of witnesses, representing farm groups, sportsmen and grazing intersts, appeared before the assembly on behalf of the measure

The action of the state legislature follows closely on the action of the State Chamber of Commerce which also opposed the creation of the new national park in Kings River Canyon.

DeWITT NELSON TO BROADCAST

DeWitt Nelson, superintendent of the Tahoe National Forest, motored to Sacramento yesterday and addressed a ski group in the Sacramento Junior College from three to five o'clock. There were between 300 and 500 in attendance at this meeting. His topic was safety in the mountains while enjoying snow sports.

Mr. Nelson will appear on radio KFBK this evening at Sacramento at 7:30 o'clock on the skimania program where he will be interviewed on skiing and winter sports.

Mrs. Roland Hill and small son left Tuesday for Santa Cruz where they will reside near Mr. Hill's parents.

Gas Gas All Time

Mrs. Jas. Filler says: "Gas on my stomach was so bad I couldn't eat or sleep. Gas even pressed on my heart. Adlerika brought me quick relief. Now, I eat as I wish, sleep fine, never felt better."

SCOUTERS HEAR JUDGE PULLEN AT AREA DINNER

Seventy eight scouters and their wives attended the Tahoe Area council dinner Tuesday evening at Auburn to hear Judge J. F. Pullen of Sacramento, chairman of Region 12 of the Boy Scouts of America. Twenty seven council officers for 1939 were installed by former council president K. D. Robinson. Thirty nine scouts and scouters to receive 5-10-15 year veteran rating were awerded certificates of service by Judge J. B. Landis of Placer county.

All districts of the area were represented. Judge Pullen commended the men of the area for their work in scouting in commenting on the important necessity of training youth in these times of rapidly changing social and economic conditions. "Only will youth advance as far as we are able to train and prepare them for a life of active, useful citizenship."

Entertainment included songs by Lou Chesbro of Auburn and a group of scouts dramatizing a safety skit on scouting. District Attorney Lowell L Sparks, elected president of the council for his third term, presided and complimented scoutmasters, cubmasters and their assistants for their efforts and good work directly with the boys and young men of their units. Judge G. L. Jones of Nevada county was named to represent the area on the national council.

GENTER MINE INSTALLS MODERN EQUIPMENT

A 500 foot Sullivan Angle compound compressor with semi-deisel drive has been installed at the Genter mine near Alleghany and a steel frame compressor building is now under construction. A primer house has been built in accordance with specifications of the Industrial Accident Commission and a magazine will be constructed as soon as the compressor house is completed. This work will be followed by resumption of active mining. The tunnel is in about 250 feet and cross cutting to the serpentine is under way. The property, formerly known as the Madden mine, is being developed by the Genter Gold Mining Company under the direction of Carl G. Genter, secretary treasurer and manager.

The property is owned by the Genter Gold Mining Corporation. James G. Pierce of Detroit, Mich., is president; E. H. Hatch of San Francisco, vice president and Carl G. Genter, secretary treasurer and local manager.

FORBES TELLS OF CHEVROLET'S NEW SALES SCHOOL

B. C. Forbes, well known financial authority and writer, recently contributed a statement concerning the training given by Chevrolet's School for Dealers' Sons instituted two years ago by William E. Holler, general sales manager for Chevrolet.

"There were thirty one students" writes Mr. Forbes, "including three from foreign countries.

"Mr. Holler asked each one to tell his name, his habitation and what he was deriving from his specialized training. Numbers of them, I learned, were college grauates. I was particularly interested to find that one hailed from a part of South Africa very familiar to me because of my early residence in that country. Never before had I met a group of young men who could talk so well on their feet. Explanation: They are drilled in public speaking by their instructor, T. O. McLaughlin, a Rhodes Scholar, the blue ribbon of international scholarship.

"I congratulated this upstanding body of young men on the unique privilege they were enjoying, the privilege of receiving the finest kind of training to follow in their fathers' footsteps. I emphasized that the problem confronting most American youths today is to find any kind of a niche in the work-a-day world, and that they should account themselves peculiarly fotunate, not only in finding a toe-hold, but in being able to enjoy the very best practical schooling to fit them to go even farther than their fathers.

"Young though America is, we have a number of business enterprises whose employees include second and even third generation representatives—a condition quite common in the older countries of Europe. Almost always where such a condition exists, the relationships between employer and employed are satisfactory, amicable, solid, stable"

YUBA PASS SKI HILL PROVES POPULAR

The Yuba Pass Ski Hill cleared last year by the Forest Service in the vicinity of Emigrant Gap has continuously met with public favor, according to District Ranger John R. Hodgson at the Big Bend Ranger Station, Hodgson states that a recent count showed 150 cars at that ski hill alone, indicating a usage on that day by probably 700 people.

PUPILS TO GIVE PIONEER PARTY PROGRAM TODAY

The sixth and seventh graders under the direction of Miss Ramm will this afternoon present a "Pioneer Party" program. The program is the result of the study these classes have been making of colonists and pioneers, their customs and manner of life. The program starts at 2:45 p. m. in the elementary school auditorium.

The time, locale, and cast of characters follow:

Time—Night of an early nineteenth century settlement.

Place—Interior of a log cabin in the wilderness.

Characters—Patience Talbot, Pioneer settler, Winifred Murphy.

Elias Talbot—A wilderness scout, Bob Sharpe.

Patricia Wells—Sister of Patience, Betty Young.

Dan Brandon — Another scout, Ronald Shaw.

Martha and Mary Hamilton—southern nieces of Patience, Leona Lotz and Barbara Garesio.

Remember Brittle — Billie Ann Wallace.

Hannah Wadsworth—Ruth Ellen Wallace.

Delverance Baxter—Sheila Winton.

Susan Smith—Laredo Childers.

Nathanial Baxter—Sammy Pello.

Johiah Jones—Walter Davis.

Jonathan Arnold—Charles Pease.

George Jones—Melvin MacGuire.

Other friends and neighbors: Milly Usrey, Dorene Bartlett, Grace Harding, Barbara Dunlap, Vera Stanovich, Betty Jean Flynn, Lucille Richerson.

Stage crew—Dean Shroger, Jim Lewis.

A LOOK FROM ALOFT!

Gaze Down on Treasure Island from 1000 Feet!

Swooping down over Treasure Island in mid-January California State Commission representatives secured this remarkable airplane view of the State and County group buildings on Treasure Island. This striking photograph affords a pre-vue glimpse of the beauties which will be displayed before an estimated 22½ million visitors between February 18 and December 2. A total of some 4000 workers are now busily engaged on the site—by the Exposition Company, the State Commission, County groups, exhibitors and concessionaires—in order that all may be in readiness for the premiere. The curtain rises at 10 a.m. February 18.

Prominent buildings of the California State Commission group shown above may be readily identified as follows: (1) Livestock Barns; (2) Coliseum; (3) Recreation Building and Field; (4) Southern Counties Building; (5) Auditorium; (6) San Francisco Building; (7) California State Building; (8) Shasta-Cascade Building; (9) Hall of Flowers; (10) Mission Trails Building; (11) Alameda-Contra Costa Building; (12) Alta California Building; (13) Redwood Empire Building; (14) Sacramento Valley-Tahoe Region Building; (15) San Joaquin Valley Building.

INJURED MAN IMPROVING

Charles Engel of Grass Valley who was taken to the Jones Memorial Hospital Monday after being injured in an accident at the Lava Cap mine, is reported as doing as well as could be expected, though his injury is serious and he will be confined to his bed for some time. Engles was injured by a piece of steel which fell a distance of 50 feet and pierced his thigh. He removed the steel and called for help. He was immediately brought to the surface and taken to the Jones Memorial Hospital. Dr. W. W. Reed is the attending physician.

Notice in a Scotch church—"Those in the habit of putting buttons instead of coins in the collection plate will please put in their own buttons and not buttons from the cushions on the pews."

From Aunt Sarah

Here is a hearty meat dish that may be prepared in the morning and reheated in the oven at night for dinner.

Stuffed Flank Steak

Take a pounded flank steak, over it spread a half or three quarter inch layer of dressing such as you would use for turkey or chicken. Roll up as a jelly roll, secure firmly with skewers or tie. Brown well in frying pan generously greased. Add a cup of hot water and seasoning and simmer till meat is thoroughly done. About an hour. Add more water as needed. Cook carrots and turnips, at serving time, arrange carrots and turnips around the meat in the pan, add water. or tomatoes if desired, and thoroughly heat. Place on hot platter with the vegetables and gravy. Cut in thick slices for serving.

GREATER BALLET RUSSE COMING TO SACRAMENTO

A wide variety ranging from classical art to snappy "girl show" entertainment is promised in the program selected for the Greater Ballet Russe De Monte Carlo to present in the Sacramento Memorial Audtorium Monday evening, February 6, under the sponsorship of the Sacramento Music Series and the management of Ware and Hazelton.

The selection of the four ballets —Les Elfes, L'Epreuve D'Amour, Spectre De La Rose and Gaite Parisienne—was made personally by Sol Hurok, American tour manager of the ballet company. He chose the numbers with a view to pleasing an audience made up of people of varied tastes, and also with the idea of presenting virtually all of the featured dancers of the company.

The program will open with Los Elfes, which, as the title suggests, is a delicate, airy dance of elves. Mia Slavenska, titian haired Jugo Slavian dancer who is also a star of French motion picture films, and Igor Youskevitch, a former track champion and circus acrobat, have the principal roles in this ballet which was composed by Michel Fokine to the music of Mendelssohn's Midsummer Night's Dream Fantasy and has costumes designed by Christian Berard.

The second ballet, L'EPreuve D'Amour (Trial of Love), is a combination of Eighteenth and Twentieth Century art, for the music is by Mozart, the book by Fokine and Andre Derain, the famous contemporary French artist, and the scenery and costume design by Derain. This will serve to introduce to western audiences the greatest living English ballerina, Alicia Markova, who will be seen as the Chinese mandarin's daughter In the role of her father will be Jean Yazvinsky, regisseur or stage director. Roland Guerard, the "hill billy" from North Carolina, one of the growing American colony in the company, will be the unlucky suitor, the ambassador, and Michel Panaieff will be the poor lover who wins the girl through a clever ruse.

Spectre De La Rose, a romantic little fantasy of a young girl who returns from her first party, is based on a choreographic poem by Theophile Gautrei, with music by Weber, scenes and dances by Fokine, scenery and costumes designed by Leon Pakst, will introduce Nathalie Krassovska, a Parisian beauty contest winner, and Youskevitch as her partner.

Miss Catherine Glennon, daughter of Mr. and Mrs. J. Glennon of Nevada City has gone to San Francisco where she has accepted a position as secretary to Attorney Henry G. Hardy. She was attending Mount Saint Mary's Business School and would have graduated with the class this year.

LADIES AID SOCIETY

The Ladies Aid Society of the Methodist church held a most enjoyable meeting Wednesday afternoon about seventy being present for the delightful social affair. Mrs. Raglan Tuttle gave a recital and Rev. and Mrs. H. H. Buckner each made short talks, on a program that was well received. Sunshine Circle gave the luncheon which was served at one o'clock.

The Adult Bible Society of the Methodist church was entertained with a social in the church parlors last evening.

RECOVERING FROM OPERATION

Bill Joyal who was operated on for appendicitis at the Nevada City Sanitarium on Wedenesday afternoon is getting along nicely. He was taken ill suddenly Wednesday noon and rushed to the sanitarium where the operation was performed.

Satisfy that cherished hope—

BUBBLE AND SQUEAK

BY ROY GRIFFITHS DEETER

INTERNATIONAL

Chamberlain has recently been making every effort to persuade Hitler to postpone his plans for building more submarines. The British Admiralty, however, is of the opinion that Germany intends to bring her fleet up to British tonnage, anyhow. Should this be the case, Britain will build one sub-destroying vessel for every submarine laid by Germany.

——oOo——

SPORTS

This week's short short. Joe Louis in this corner. John Renry Lewis in that corner. The bell. They are in the center of the ring. Biff, biff, John Henry is down, he's up. Biff, biff, John Henry is down, he's up. Biff, biff, John Henry is down, he does not get up. And upmteen people spend upmteen dollars to see just that! No comment.

Snouse, ski fans, sno-snow. Unless we get some twixt now and tomorrow, the outlook for the week end skiing is very very bad. Sorry. Maybe we had better get a new weather man.

——oOo——

RADIO

On Saturday, January 28, at 11 a. m., over NBC, the Metropolitan Opera Company is presentinw Charpentier's opera "Louise." Grace Moore and the Belgian tenor Rene Maison will sing Louise and Julien, respectively. Ezio Pinza will, as usual be in the cast. The Met. broadcasts are so perfectly done that it is always a great pleasure to music lovers who can possibly find the time, to listen in. On Saturday afternoon at five, NBC will present that very very clever lad Tommy Riggs and his Betty Lou. a- at 7 p. m. the same network wives you a symphony concert, with Arturo Toscanini conducting. As the current popular songs so aptly puts it, "Who could ask for anything more?"

——oOo——

BOOKS

Two volumes rapidly rushing to the top of the list of non-fictional best sellers and both strongly recommended for your lighter moods and more frivilous moments are: "I Am a Stranger Here Myself" by Ogden Nash (Farrar and Rinehart) and "Grandma Called It Carnal" by Bertha Damon (Simon and Schuster).

——oOo——

TRIVIA

Restaurant owners who are tired of customers scribbling on table cloths, can now buy paper napkins with games such as ticktacktoe and puzzles printed on them. Next thing you know we will be finding the Sunday comic section being used as luncheon sets.

——oOo——

BUBBLE

We are just bubbling with delight because next week there will be some grand basketball in our town. The Ghosts will be here to play the Elks' team. They are simply superlative ball handlers, and there is a lot of fun attached to their methods. We hope to see as good a turn out at the gym as there was for the Red Heads, as it will without a doubt be a much better game.

——oOo——

SQUEAK

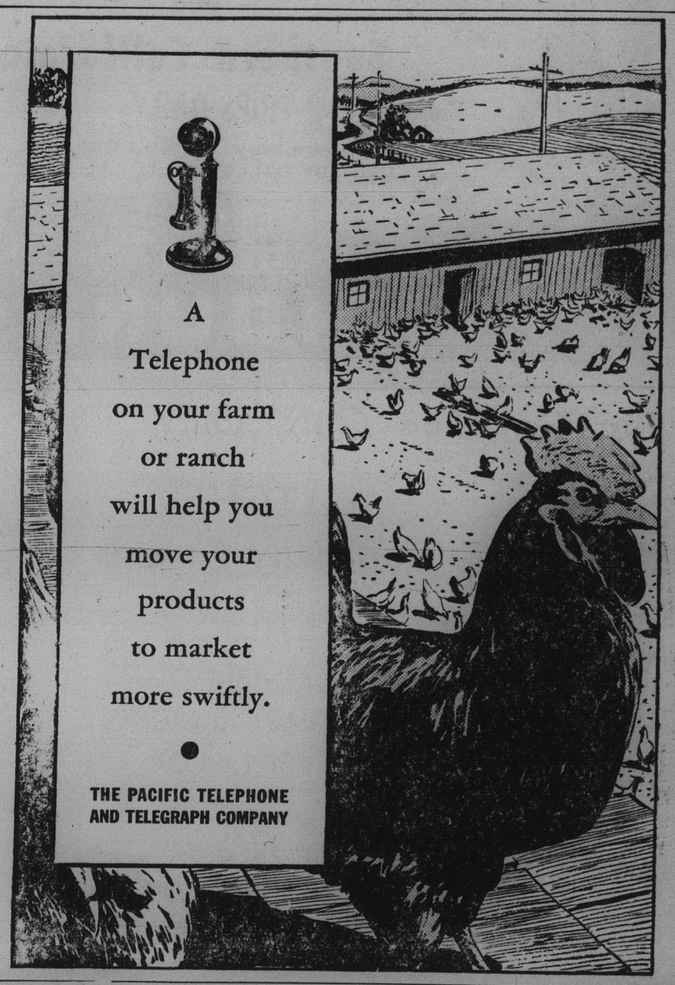

We hate to squeak about gorgeous sunshine and balmy days in midwinter, but we feel that Mother Nature has gone a bit wacky and got her schedules mixed. This spring-before-winter business with flowers blooming madly and gardeners operating the sprinkling systems daily is a mite unusual. We are awfully afraid it will probably all end up in a frightful mess—one way or another.

——oOo——

VALE

And with this we say to you, cheerio, everybody!

Miss Helen Barker will leave Sunday for Berkeley. She will re-enter the University high school of Oakland where she will complete her high school course, graduating in June. Miss Barker will spend her summer vacation in Nevada City.

Engagement of James Joubert and Jane Rooney

The engagement of James Louis Joubert, formerly of Camptonville, and Miss Jane Rooney of Sacramento was announced by the parents of the bride to be, Mr. and Mrs. Edward T. Rooney of Sacramento on Monday. No definite date has been set for the wedding but it will take place in the early summer.

Young Joubert's parents are Mr. and Mrs. Louis Jules Joubert who are living in New Guinea where the father is general manager of the Bulolo Gold Dredging, Ltd. Louis Joubert, Jr., graduated from the Sacramento high school and from the University of California in mining engineering with the class of 1938. He is employed as an examining engineer with O. B. Perry of San Francisco. He is a nephew of Fred Joubert of Camptonville of the Depot Hill gravel mine which has been in the Joubert family for several generations, and spent many years of his life at the Camptonville property.

Miss Rooney is a Sacramento girl and will graduate from the University of California with the class of 1939. The romance of the two young people started at the university.

Forest Service Ladies Enjoy Luncheon

Mrs. James Sowder was hostess to the forest service ladies at their February luncheon meeting at the National Hotel on Wednesday. Bridge and Chinese checkers were the diversion of the afternoon hours. Gift prizes were won as follows: Mrs. Leland Smith, first prize contract mridge; Mrs. John Hodgson, second prize; Mrs. Childs, consolation prize and Mrs. W. Nichols, Chinese creckers.

Mrs. Scofield and Mrs. Nicholas will be hostesses at the March meeting of the group.

LAST RITES HELD FOR WILLIAM LARKIN LOTZ

Funeral services were held yesterday at two o'clock at the Holmes Funeral Home for the late William Larkin Lotz who passed away Tuesday afternoon at his home in Gold Flat. Interment was in Greenwood cemetery in Grass Valley. Death followed a severe attack of pneumonia.

William Larkin Lotz, 79, was a most highly esteemed resident of Nevada county for thirty three years. He was born in Jay county, Indiana and came to California in 1905. He was the father of seven children, five of whom survive him. In his thirty three years residence in this community he made hosts of friends who loved him for his kindness and upstanding character. He had a beautiful voice and in his younger years was very generous with his time and talent, singing at many church and community entertainments and at funerals.

Left to mourn his death are: Mrs. Carrie Ligon, Fountain Head, Tenn., McKinley Lotz, Nevada City; Archie Lotz, San Francisco; DeWitt Lotz, Nevada City and Miss Grace Lotz of Nevada City. There are ten grandchildren and one great grand child.

Pall bearers at the funeral were, John Morton, Chas. Dougherty, Joseph Day, Alva Woldsen, Henry Hoehn and William Graham. Rev. Chas. Washburn conducted the services.

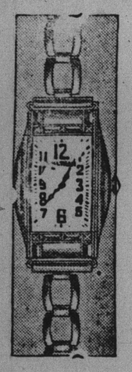

Mrs. Marjory Whiteman and Mrs. I. Fessler sang two dutes, "We Are Nearing Home" and "Beautiful Home of the Soul".

Quartz and placer claim location notice blanks at the Nugget office.

PRO AMERICA NATIONAL MEET IN S. F. JAN. 30

California may again be a key state politically in 1940. With this thought in mind, the leaders of Pro America, a national organization of Republican women, with many Jeffersonian Democrats among its officers and members, have selected for the National Conference.

Pro America was founded in Seattle by Mrs. Theodore Roosevelt, Sr., who is honorary national president.

The program for '39 and '40 will be planned and a new roster of national officers elected when the conference convenes in San Francisco, January 30 and 31.

The voting delegates from California are: Mrs. John D. Fredericks, chairman of Los Angeles County Unit; Mrs. Richard Hanna of San Mateo, state vice president, Miss Sheyla Johnson of Berkeley, chairman of Young Voters, former congresswoman Florence P. Kahn, national board member and state chairman of education, Mrs. A. C. Mattei, president of the California Chapter, Mrs. Eugene Prince of San Francisco, Mrs. George P. Taubman, Jr., chairman of the Long Beach Unit and Mrs. Sanborn Young (Ruth Comfort Mitchell) of Los Gatos, national vice president.

Key speaker for the conference luncheon, January 31, Palace Hotel, to which the public is invited, will be Almon Roth, president of the San Francisco Employees Council. "Is Collective Bargaining the Answer?" the subject of Mr. Roth's talk will be of interest to every Californian.

DESERTED CAMP

Deputy Sheriff Carl Larsen made a trip to the new Washington road Wednesday and investigated a deserted camp. The camp ground was found by the tractor driver, a Mr. Hilliard, employed on the new road within the last few days and some mystery seemed to exist over the find. There were books, and photographs wrapped in newspapers dated 1935 tucked under a log. Nearby the tent had been rolled up and left, it was badly rotted with the weather; cooking utensils were still in the camp. On a raincoat was the name T. A. Hall.

Mr. Larsen expressed the belief that the man packed up and decided he did not want to carry the equipment out as it was in a rough territory.

Birthday Dinner to Compliment Mrs. Waters

Mrs. Don Bluxume entertained at a dainty birthday dinner party Wednesday evening in the Bluxume apartment on lower Broad street, honoring Mrs. Jackie Waters. The central feature of the prettily appointed table was an artistically decorated birthday cake in pink and white decorations.

Mrs. Barbara Kindt, Ruth Meads and Betsy Hoffman of Berkeley will be week end guests of Miss Helen Barker, returning to Berkeley Sunday accomnanied by Miss Barker, who will re-enter the University high school of Oakland.

TRIANGLE CAFE IN NEW QUARTERS

Mrs. Ernest Carnes will move her Triangle Cafe from its present location on Commercial street to a large room in the Union Hotel on February first. She will continue under the name "Triangle Cafe". The large room in the Union Hotel is being repainted and remodeled. There will be a long counter, two booths and tables, giving much more room for the business which has outgrown its present location.

WASHINGTON ROAD

Supervisor J. Coughlan is making splendid progress on re-routing the Washington road. One mile and a half was built last year under WPA plans and the work now continues under management of the supervisor. The road will pass the Red Ledge mine keeping to the south of the old road drop down on Washington Creek, doubling back to cut down the grade to eight per cent and arriving in the town from the south along the stream bank.

Mike Denicke and J. Smart, North San Juan business men, were in Nevada City yesterday forenoon.

Mrs. Freida Holmes Hardy of Alleghany is on a Sacramento hospital under the care of several prominent surgeons including her husband, Dr. J. Hardy. Her many friends hope for her an early recovery.
